DETAILED ACTION

1. Applicants' Response to Office Action, received 14 November 2007, is acknowledged. Claims 11-48 have been canceled.
2. Claims 1-10 and 49 are pending and under consideration.

Rejections Withdrawn/Moot

3. The rejection of claim 48 under 35 U.S.C. 112, second paragraph, as being indefinite, is moot in light of the cancelation of the claim.

Rejections Maintained

4. The rejection of claim 49 under 35 U.S.C. 112, first paragraph, scope of enablement for pharmaceutical compositions, is maintained.

Applicants argue that the specification is sufficient to allow one of skill in the art to make the claimed pharmaceutical compositions.

The examiner has considered applicants' argument, but does not find it persuasive because while the specification does teach the compound, the specification does not provide sufficient support for "pharmaceutical". The paragraphs relied upon by applicants for support are directed to mithramycin, and not to the claimed derivatives. The specification does not provide sufficient information that the derivatives will perform like mithramycin given the hoped for dosages, based upon mithramycin.

Conclusion

5. Claim 49 is finally rejected. Claims 1-10 appear to be allowable.
6. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
